www.clubworkforce.com.au

October/ November 2008

Welcome to the spring edition of 'Help for the Homeowner'.

We are always on the lookout for quality tradespeople who share a philosophy of good service, fair pricing and attention to detail. There are some trades that we don't cover because we haven't found the right person for the job. We also welcome your feedback to help us help you. Recently we had a highly recommended builder who specialises in outdoor enclosures, join our group of tradespeople. Image a barbeque with no flies, or an evening outside with no mosquitoes and a pool that's always clean. Depending on the combination you choose, your enclosure can be a fully weatherproof conservatory, an indoor/ outdoor area or a totally open screened room. Screen enclosures allow the full benefit of sun and rain but keep out the nuisance of insects, leaves and debris. Enclosures can bring your living and backyard recreation areas together. Your entertaining area becomes a focus for family fun, relaxation and health. With a range of designs available, the perfect entertaining area can be built for you. The aluminium frame can be covered with screen, glass, polycarbonate or a combination of these products. They have been specialising in the industry for over 20 years and know how to tailor an option to suit your needs. For a free quotation call **1800 648 185**.

Final reminder: It's not too late to enter the competition for a weeks free accommodation at Marcoola Beach Resort.

RENOVATIONS, REPAIRS & MAINTENANCE

We introduce to you contractors who can repair, modernise and maintain your home. We have tradesmen and handymen available to cover most jobs. For quality work carried out by registered builders and tradesmen, call us today.

- ✚ carpentry
- ✚ plumbing
- ✚ drainage
- ✚ concreting
- ✚ bricklaying
- ✚ tiling
- ✚ painting
- ✚ roofing
- ✚ fencing
- ✚ carpets etc

For all extensions, alterations, repairs or maintenance, Club Workforce Australia has been providing quality tradesmen since 1989.

Our tradespeople are registered, licensed and insured. They understand the council and building regulations and construction requirements that ensure a renovation that will last.

Our handymen have been completing small jobs and repairs for homeowners for more than a decade. They have extensive experience in a range of general household needs.

BATHROOM RENOVATIONS

Thinking of adding a new bathroom or modernising your existing bathroom or ensuite?

Is your bathroom vanity bench top looking tired and worn... no matter how much you clean it, the area never looks fresh or clean anymore?

Do you just want to replace your cracked or broken bathroom tiles or splashbacks ... the ones you just keep hoping won't fall off when you next clean them?

Thinking of adding a spa bath, a new shower, hand basin, sink or toilet or just rejuvenating your existing bathroom?

Our tradespeople specialise in complete or partial bathroom renovations. Most people have a budget to work to and they can tailor the work you need to suit your budget.

We have registered tradespeople who offer advice and an obligation free quotation. Specialising in water proofing, sheeting, plumbing, tiling and vanity units.

We have been providing homeowners with free access to bathroom renovators since 1989. Introducing you to the right tradespeople, the first time, so your time is not wasted.

HOME SECURITY

Club Workforce Australia offers a wide range of security solutions for your home. Our experienced tradespeople can supply and fit security screens and grilles for all windows and doors. Windows fittings can be secured using the latest tamper proof security screws and doors fitted with triple locks, with 3 hinges for swinging doors and interlocking mouldings for sliding doors. Security doors can be keyed alike and cylinders on existing doors can be changed so that you may have a one key entry to your home. Our tradespeople can also repair or replace flyscreens, mesh, rollers, handles and locks.

Security Alarms - why pay too much!!

New installations - free quotes tailor-made to suit your circumstances with a 2 year warranty. We can cover all your security needs - for your home insurance company requirements, smoke & fire alarms and medical alarms.

Servicing of existing systems - false alarms fixed, code and batteries changed, additional detectors supplied and fitted. Competitive prices - covering all brands.

Call Club Workforce Australia for a free quotation.

REPAIR, RESTORE, or REPLACE YOUR ROOF

Have you recently had your roof checked? There is potential for leaking roofs, and blocked gutters and downpipes, causing damage to ceilings, eaves and fascias. Some of the common problems include damage to:

Tiles	Bedding	Blocked guttering, valleys & water channels
Ridge caps	Flashings	Rusty valleys, flashing, roof iron, screws & guttering etc
Barge caps	Roof screw seals	
Pointing	Fibro sheeting	

Our qualified, licensed and insured tradespeople will provide a free quotation. Take this opportunity to protect your greatest asset from potential damage in the coming months. We also can provide quotations for roof painting, insulation, skylights and rainwater tanks. All work is guaranteed.
